The Impression between time

TRAZE Collection features a trio of cut crystal designs, available in double rock and highball glasses, with three distinctive pattern designs under the theme 'Impressions between Time'. The design concept is inspired by the tracings of time, representing styles of art symbolic of each era.

Each aesthetic cut design tells a story, from past to present and present to future, perfectly enhancing your whisky appreciation experience...anytime, anywhere.

THE PST : Flashback to historical, vintage and classical styles. Gothic-Renaissance style with old-school etched patterns.
